Thank you for agreeing to review this manuscript. We at JSAD count heavily on peer reviewers in making decisions about which papers to accept, a process that requires the best input from the best possible reviewers.

Please be sure to let us know if there are potential conflicts of interest for you as a reviewer for this paper. For each paper, we obtain multiple opinions. Your thoughts on this manuscript are very important to us and will be carefully considered, but the final decision will rest with the span of reviews, as well as the decision by the Editor.

### **Manuscript Rating: Please use scale of 1 (poor) to 5 (outstanding)**

<b>Substantive Contribution</b>	<b>Scientific accuracy</b>	<b>Interest to readers</b>	<b>Style</b>

**If so, which ones?**

**Is the formatting of tables satisfactory?**       No       Yes  
**If so, which tables and how should they be reformatted?**

**Additional confidential comments for the editor:**

**Suggested Guidelines for Reviewers:**

1. Indicate major strengths **and weaknesses** of the paper.
2. **Please** number your criticisms. Be as specific as possible, and when possible indicate the place in the paper where the problems occur (e.g. the paper sections).
3. Please do not include recommendations regarding whether the paper should be published as part of the comments to the authors.
